B o n n 5 th of Septembre 1928

To the

American Numismatic Society, 261 Madison Ave.,

N e w Y o r k, N.Y.
- - - - -

Dear Sirs,

Qwing your adress to the German consulat at New - York
J take the liberty to call your attention on my collection of
paper - money of the war and of the time after the war.

Before all others J beg to ^{state} that this offer is a very
favorable opportunity to enrich your collections and J guess
never you will have such an opportunity, than the matter
in question J hve collected during 5 years.

Not having been more editions after 1923 the whole
collection can ~~be~~ considered as a closed - one.

This money was in curs in the years 1914 - 1923 in the
different towns of Germany and was caused by the dearness in
the time of the war and after the war. It may be a curiosity
that the collection contents money of the value of 1 pfennig
till 5.000.000.000 marks.

The whole collection consists of 5000 pieces and needs
a pain for exhibition of 20 - 25 metres quadratic. All the
paper - money are contained in an album and can be taken ont
piece by piece.

For making you a show of my collection J beg to hand
you enclosed some photographs presenting a small deal of the
whole collection and you will see that the paper - money shows
pictures of German towns and landscapes, of customs and usages

in the different parts of Germany and also many episodes of the history of German towns.

J am surely convinced you have great interest for this collection J beg to ask you to submit me a price - offer. Already differently a have received offers for my collection but up to date never J had the intention to sail them. But now J have made up my mind to sail the whole collection and again J have different offers.

J beg to take into consideration that difficultly such a collection will ~~be~~ found in your city and surely it would ~~be~~ an attraction for you, the possess of them.

Hoping to get an urly and favorable reply J remain,
dear Sirs,

Yours most respectfully

Johannes Ruth,
Bonn am Rhein
